

Clean. Bright. Uniform. Glare Free.  
 All the benefits of using LED's as a light source in one family of fixtures. The Lightscape Series offers brilliant even illumination of a smooth translucent membrane with high efficiency LEDs for even diffused lighting that can be sculpted to any shape and size. The Lightscape is available in many standard geometries, custom shapes are available based on design intent. The Lightscape is available in **pendant, surface, recessed** and **T-grid options**. Lightscape is the unification of general illumination and unobtrusive lighting design.
